PHIL-MONT MOBILE RADIO CLUB

March 1996

UNCLE ED WANTS YOU.. TO PAY YOUR DUES!

Or this will be your last issue!

SPECIAL SERVICE CLUB

Our 47th year

VOLUME 46 **NUMBER 3**
is published monthly by, and for, the members of **The PHIL-MONT MOBILE RADIO CLUB, INC.** whose purpose is to promote Amateur Radio in general, and Mobile Radio in particular. Copying and quoting is permitted with a credit line. We gladly exchange publications with other amateur radio clubs; requests should be sent to the Editor. ***Blurb*** subscriptions are available to nonmembers for $10 addressed to the Treasurer. The club meets sometime after 7:30 p.m. on the first non-holiday Wednesday of every month at **The Franklin Institute Science Museum**, Benjamin Franklin Parkway at 20th Street, Philadelphia. Enter from Winter Street, or the parking garage on 21st street. **ALL VISITORS ARE WELCOME!**
Amateur Radio License Examinations are held on the first non-holiday Thursday of every month at The Franklin Institute Science Museum—doors close at 6:30 p.m.-*SHARP!*

CLUB INFORMATION

24–Hour Information Number at **W3TKQ: (215) 448-1139**
Repeater frequencies: 147.03 MHz (**Roxboro** input requires no PL, but outputs 91.5 Hz.)
The following PLs are required for satellite receiver access:
Bucks County 131.8 Hz—***Center City*** 103.5 Hz—***Lansdale*** 114.8 Hz
444.80 MHz (186.2 Hz PL)
Simplex frequency: 147.51 MHz
W3TKQ packet BBS frequency: 144.99 MHz—E-mail: **w3tkq@fi.edu**
Mailing Address: P.O. Box 88, Abington, PA 19001

STATIONS

W3QV - 147.03 MHz. Repeater - 8200 Ridge Avenue, Philadelphia, PA - Trustee W3BBB
W3TKQ - The Franklin Institute Science Museum, Philadelphia, PA - Trustee WU3I
The club sponsors this world-class demonstration station, and welcomes all amateurs (with license) to operate it.

"DON'T TAILGATE... WAIT"—for the courtesy 🔔!

POSTAGE COSTS JUST KEEP RISING, BUT YOU DON'T HAVE TO GO BROKE BEFORE YOU'RE EVEN HALFWAY TOWARDS MAKING DXCC. THERE'S A BETTER AND CHEAPER WAY: "QSL VI A BURO" VIA THE ARRL OUTGOING QSL SERVICE!

One of the greatest bargains of League membership is being able to use the ARRL Outgoing QSL Service to conveniently send your DX QSL cards overseas to foreign QSL Bureaus. Your ticket for using this service is your QST address label and just $3.00 per pound. (Those not quite so DX active can send 10 cards [or fewer] and enclose $1.00.) You can't even get a deal like that at your local warehouse supermarket! And the potential savings over the substantial cost of individual QSLing is equal to many times the price of your annual dues. Your cards are sorted promptly by the Outgoing Service staff, and are on their way overseas usually within a week of arrival at ARRL HQ. The Service handles approximately 2,000,000 cards each year!

The Service ships QSL cards to QSL bureaus, typically maintained by the national Amateur Radio societies in many countries, around the world. Altough the Service does not send cards to individuals or individual QSL managers, keep in mind that what you might lose in speed is more than made up in the convenience and savings of not having to address and mail QSL cards separately. In the case of DXpeditions and/or active DX stations that use US QSL managers, a better approach is to QSL directly to the QSL manager involved. The various DX newsletters, the W6GO QSL manager directory, and other publications, are good sources of up-to-date QSL manager information.

The PREZ SEZ

Steve Hoch, WU3I

It's only 4 days 14 hours 8 minutes and 27 no 26 wait now its 25... well you get the idea, 'till we leave for our visit with W3AA and WA3YJR, also the trip down further south to see the island home of the editor and the 'archive lady'. Perhaps we may even run into the Southern Reporter W3SRU. ('Have to remember to visit my parents and grandmother while we are there.)

The time is coming for thinking of the pilgrimage to the west—*Dayton*! The time is coming, and a new weekend in a new month this year—May 17, 18, 19 at the good old Hara Arena. So far plans are "go" for a presidential trip to the Hamvention.

But closer to home, and a month later, is the annual trip upstate for *Paddlerama*. A letter has been sent to the trustee of the Washington Repeater inquiring about coverage area due to our problems last year.

And upcoming is *Field Day* coordinated by N3IEI. Chris has informed me that a new site is necessary for this year. Anyone with any ideas please contact him.

CONGRATULATIONS

...to PMRC member, Kay Craigie, WT3P, who in January became the ARRL's Atlantic Division Director, and to Hugh Turnbull, W3ABC, who was elected ARRL Third Vice President.

SM election results

Ballots have been counted in Section Manager elections in the Eastern Pennsylvania, Louisiana, North Carolina and San Diego sections. Terms of office begin April 1, 1996. The results are as follows.

In Eastern Pennsylvania,
Allen R. Breiner, Sr., W3TI, 789
Bob Josuweit, WA3PZO, 702
Breiner was declared elected...

February 16, 1996
To all radio amateurs
SB PROP ARLP007
Propagation de KT7H

It may be hard to believe, but solar activity has edged even lower. There have been no visible sunspots since the beginning of the month, and the sunspot number was zero every day last week. Solar flux was at or below 70 each day also. We should expect more periods of no sunspots as the current cycle bottoms out over the next year.

Unfortunately the geomagnetic field has been acting up a little. The worst period was around 0900Z on February 13 when the K index was five. 160 and 80 meters are really best when the solar flux is low, but an active geomagnetic field can disturb the low bands greatly...

February 15, 1996

SB QST ARLB011
Vanity calls delayed

ARRL has learned that the FCC may delay until mid-1996 the announcement of when it plans to open the first gate or gates of the vanity call sign program. A Commission spokesman says the FCC first wants to deal with remaining Petitions for Reconsideration it has received. The FCC had been expected to announce opening dates early this year.

FCC vanity call sign application Form 610V is now available, but the FCC will not accept completed forms until it opens the appropriate filing gates.

Prospective applicants can get the FCC Form 610V package by writing ARRL, 225 Main Street, Newington, CT 06111. Please include an sase. Form 610V also is available from the FCC via the Internet at http://www.fcc.gov/Forms/Form610V or ftp://ftp.fcc.gov/pub/Forms/Form610V/ or by fax at 202-418-0177.
Ask for Form 006108.

The FCC's Forms Distribution Center also accepts orders for Form 610V at 800-418-3676.

SB QST ARLB009
PRB-1 change sought

The ARRL wants the FCC to take additional steps to compel state and local governments to make reasonable accommodation for Amateur Radio under PRB-1 and apply the least restrictive means to regulate amateur antennas and activity. In a Petition for Rulemaking filed February 7, the League calls on the FCC to amend Section 97.15(e) to say that any state or local ordinances restricting ham radio antennas to heights below 70 feet would be presumed unreasonable, unless the state or local authority could show its restrictions support a clearly defined health, safety or aesthetic objective. State and local governments also could not impose substantial application costs on amateur service licensees.

The League also wants the FCC to acknowledge that it has an interest in the effective performance of Amateur Radio stations in areas regulated by deed restrictions or restrictive covenants rather than by local zoning ordinances.

The League says clarifying the preemption policy (PRB-1) would help guide municipalities to enact provisions that make fair accommodation for amateurs and avoid highly divisive litigation between hams and localities.

Under the suggested changes, state and local governments could apply to the Commission for a full or partial waiver of the amended rules in unusual circumstances.

The FCC has not assigned a rulemaking petition (RM) number.

Here is the suggested wording of Section 97.15(e) the petition requests:

(1) State and local regulation of a station antenna structure must not preclude amateur service communications. Rather, it must reasonably accommodate such communications; it must constitute the minimum practicable regulation to accomplish the state or local authority's legitimate purpose; and it must not impose substantial costs on amateur service licensees.

(2) Any state or local antenna restriction or regulation which, on its face or as applied, would limit amateur station antennas to heights below 70 feet is presumed unreasonable unless the promulgating authority can demonstrate that such regulation is necessary to accomplish a clearly defined, and expressly stated health, safety or aesthetic objective; that there is no less burdensome alternative to the regulation; and that the Federal interest in efficient amateur radio communications from the amateur station at issue is otherwise reasonably accommodated.

(3) Any state or local authority, or other entity that wishes to maintain and enforce zoning, land use or other regulations or restrictions inconsistent with this section may apply to the Commission for a full or partial waiver of this section. Such waivers may be granted by the Commission in its sole discretion, upon a showing by the applicant that local concerns of a highly specialized or unusual nature create an overwhelming necessity for regulation inconsistent with this section. No application for waiver shall be considered unless it includes the particular regulation for which waiver is sought. Waivers granted according to this rule shall not apply to later-enacted or amended regulations by the local authority unless the Commission expressly orders otherwise.

MINUTES

FEBRUARY GENERAL MEETING

Russ Stafford, AA3CH, Secretary

Our 553rd meeting was opened February 7, 1996 by President WU3I, Steve promptly at 19:30 hours in the Choices Forum at The Franklin Institute. Steve read some mail from the League (A.R.R.L.). They are accepting nominations for Grand Ole Ham. (Know someone?)

Buckmaster will give CDs to clubs which send in group pictures of their club members. The M.A.R.C. hamfest will be moving this year to the Kimberton Fire Company. We had a nice write up in the Remarc, the M.A.R.C. newsletter.

Steve reported that Mid-Month will be at Marion and Perry's, N3AXJ. N3PDO, Mike reported on camp–ins at The Institute. Hams are needed to staff W3TKQ. Contact WU3I, Steve for upcoming dates and times.

Treasurer KB3IV, Ed reported a balance of $1,419.20 with income of $1,126.00, $652.03 in expenses, leaving a balance of $2,193.17. If you have not paid your dues for 1996, they are now overdue, so get them in A.S.A.P. You may also renew your A.R.R.L membership through Phil-Mont.

KB3IV, Ed reported that net controls are doing fine. Still looking to get at least twelve members together to order club jackets.

WU3I, Steve reported that our Field Day site, per Chris N3IEI, will be changing. No new members this month. If you have changed your call, or need a new badge, Contact Ted, N3OWM. Anyone wishing to talk to W3AA, Hal Fox, he is on 14.1755 at 10:am.

On the Blub [*we've been called worse!–ed*] Jack, W3IIN [*no, that's Jinny... but I know it's confusing–ed*] spoke on the "good times" virus that was, and still is a hoax.

Special Events–AA3EP Charlie: Coming up very soon—April 14 and 21—is our first public service event. We need lots of help. Please come out and do your part! Charlie can be reached at the phone number on the inside front cover of the *Blurb*. If you would like to get on the Delaware Valley mailing list for ham radio Public Service, send your name, address and phone number to one of the following.

Packet: n3iso@aa3ch.#sepa.pa.usa.noam
Fax: (610) 497-6218
Landline BBS: (610) 497-4691
or mail to Harry, N3ISO
Box 1041, Linwood, Pa. 19061

N3PDO, Mike reported there were 27 members and welcomed 3 visitors.

The meeting was closed at 20:20, and turned over to N3FVI, Bill who introduced our speaker from PECO.

CLUB INFORMATION
24 Hour Information Number at W3TKQ
(215) 448-1139

MINUTES FEBRUARY DIRECTORS' MEETING

Russ Stafford, AA3CH, Secretary

1st Vice-President N3FVI, Bill called to order the Mid-Month meeting Feb 21, at 20:07 hours.

Treasurer, KB3IV-Ed, reported a balance of $2,193.17 with an income of $335.00 $123.00 in expenses, leaving a balance of $2,405.17.

There was a brief discussion on unpaid dues, net controls are "A-OK" and no new members to vote on... Not much business to report till next month... Next mid-month meeting will be at the home of KB3IV, Ed. Many thanks to N3AXJ, Perry and Marion for their hospitality.

Welcome to the Psychiatric Hotline

If you are obsessive-compulsive, please press 1 repeatedly.
If you are codependent, please ask someone to press 2.
If you have multiple personalities, please press 3, 4, 5 and 6.
If you are paranoid-delusional, we know who you are, and what you want. Just stay on the line so we can trace the call.
If you are schizophrenic, listen carefully, and a little voice will tell you which number to press.
If you are manic-depressive, it doesn't matter which number you press. No one will answer.
If you are delusional and occasionally hallucinate, please be aware that the thing you are holding on the side of your head is alive, and about to bite-off your ear.

THE W3TKQ REPORT

It was nice to have some of the other guys catch up for a few months, but here I am—back again.

The TS-450SAT is with N3FVI for repairs, and plans are being made to replace it with an HF rig with 6M. This project will go on into the spring or summer, as it's too nasty to put up the necessary 6M antennas.

Position 7 will soon sport a 70 Watt 2M rig for ATV. The rig, a donation from N3FVI, is being repaired, and will be installed as soon as it's returned. There are camp-ins coming up in the month of March on the following evenings:

Friday 2*	Friday 16*
Saturday 3	Saturday 17
Friday 9	Friday 23
Saturday 10*	Saturday 24*

** all female evening*

If you can help as a volunteer on any of these dates please contact me.

And while you're at it, check-out the station's brand new e-mail address listed below.

Always remember: W3TKQ is your station—come down and visit, stay to operate.

W3TKQ is on the Internet!
